DETAILED ACTION

Response to Amendment

1. The reply filed on July 10, 2006 is not fully responsive to the prior Office Action because of the following matter(s):

The applicant's amendment of the preamble of the claims has changed the scope of the claims/invention. Originally the claims were directed to "an apparatus with a combination of a point light source and a single lens." The application was examined and the claims were searched based on the original scope. The amended claims are directed to "an apparatus" which has made the claims ones that of unlimited scope. The same logic applies to newly introduced claims also. Applicant's amendment is considered as not fully responsive to the prior Office Action for the above reasons. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
